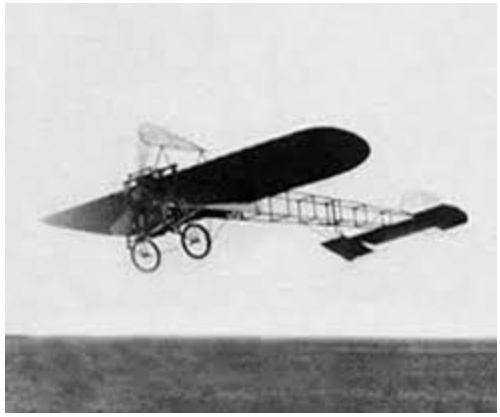
Trip to MOTAT –

'Action - Reaction!'



As part of our study into air and wind this term we are visiting MOTAT in Week 4.
The visit will include:

- A hands-on session -'Fantastic Flight"
- A self-guided walk around MOTAT

When : Wednesday 25 May (Week 4)

Where : MOTAT (Stadium Rd - Western Spriings)
Time : Leave school 9:10 a.m. and return by 2:45 p.m.

Cost : $13.00 (includes bus fare and MOTAT costs)

Parent help : Yes please – the more the merrier! – for parent:child ratio we need 12 "official" helpers without a pre-schooler to come on the bus and be responsible for a group. Anyone else, with/without a pre-schooler who would like to come, please meet us at MOTAT. The "official" helpers will be responsible for a small group to take on a self-guided walk around the MOTAT and to look after at lunchtime.

The visit is linked to Science – Physical World - students will explore how air moves, the forces of flight and how aircraft fly.

Another notice closer to the event will come out regarding what children need to bring on that day.

Thank you
Jennie Le Sueur, Prue East and Jono Lange

Please fill in the slip below and return it to the office.
